

## **Neopost Road shows 2012**

Neopost Ireland held a number of road shows throughout Ireland over the months of September and October encouraging customers to step away from their busy schedules and display to them the most current solutions in mailroom, print finishing and wide format printing.

Each event was a great success and this year the turnout was greater than ever proving the importance of keeping up to date with industry trends. There was great feedback to the locations chose across the country: Locations included: The Tower Hotel: Waterford, The Red Cow Hotel: Dublin, The Radisson Blu Hotel: Limerick and The Stormont Hotel: Belfast.

At each event various pieces of equipment were showcased which proved popular with a lot of people. The equipment included the Neopost Mach 5 printer, the Duplo KB4000 binder and the Roland XR 640 wide format printer.

Not only did Neopost showcase a whole array of equipment but other exhibitors attended each event including, DWS Supplies, IBS (Irish Business Systems) and Wildcard Software.

All companies that attended our recent road shows were entered into a draw to win two return flights to Europe: We are delighted to announce the following winners:

### **Cube printing: TJ Ryan**

### **Print Central: Martin Connolly**

1

**Excel Promotions: Paul Kelly**

**Media Marketing: Michael Beckinsale**

If you were unable to attend the recent events and would like to find out more about the equipment displayed please call Neopost on 1850 33 44 55
